Summary

A motivated software engineer with 2+ year of experience in full-stack development. Proficient in designing and building scalable web applications with a focus on performance and user experience. Eager to contribute to innovative projects and drive technological advancements.

Technical Skills

Languages: Java, JavaScript, TypeScript, SQL, NoSQL

Technologies & Frameworks: ReactJS, NextJS, TailwindCSS, REST APIs, MongoDB, GraphQL

Developer Tools: VS Code, Cursor, Postman, Git, Docker

Project Management: Jira, Agile methodologies, CI/CD

Experience

Centralogic

May 2025 – Present

Software Engineer

hinjewadi, Pune

- Working as a full-stack engineer contributing to scalable product development across web and desktop platforms using React.js, Node.js, Express, GraphQL, and Electron.
- Designed and developed high-performance frontend interfaces with React and TypeScript, integrating GraphQL for efficient data fetching, reducing over-fetching and improving application performance by 35%.
- Collaborated with product and design teams to deliver production-grade features aligned with modern SaaS trends and user-centric design principles.
- Built and maintained scalable backend services using Node.js and GraphQL APIs, enabling flexible and optimized client-server communication.
- Delivered high-impact product features that improved client engagement by 25% and enhanced overall platform reliability in an agile environment.

Vionsys IT Solutions India Pvt. Ltd

April 2024 – April 2025

Software Engineer

Kharadi, Pune

- Worked on full-stack development using MERN stack with Next.js, Node.js, Express, and MongoDB for building scalable web applications.
- Implemented secure authentication mechanisms including OAuth and JWT, ensuring data protection and user security, while improving authentication efficiency by 30%. Used Google Firebase for real-time notifications and Cloudinary for optimized media handling and storage.
- Collaborated with cross-functional teams following Agile methodologies, contributing to high-quality and maintainable codebases that improved project delivery speed by 20%.

Projects

Online Electronics Shopping Platform | *Next.js, Auth.js, React Query, Razorpay, MongoDB, Shadcn UI*

- * Developed a scalable and high-performance e-commerce platform with seamless product browsing, secure Razorpay payment integration, AI-powered customer support, and optimized state management to enhance application performance and user experience.
- * Designed and implemented a responsive admin dashboard for efficient product management, order tracking, and user handling, improving operational efficiency and accessibility across devices.

Education

Savitribai Phule Pune University

July 2022 – June 2024

Master of Computer Application - MCA

CGPA : 7.81/10.00

Coursework and Certification

- Next.js Framework Udemy Course
- Certificate of Java Programming Udemy Course
